About the HONOURABLE FOUNDER

L. Amritpal Singh

It is with profound respect and a touch of nostalgia that we reflect on the visionary journey of Late Shri Amritpal Singh, the esteemed founder of Omega City. His legacy is etched not only in the soaring towers and meticulous planning of Omega City but also in the hearts of those who witnessed the realization of his dreams.

Late Amritpal Singh, a brilliant engineering mind and a DAV College Jalandhar alumnus, stood as a topper, a testament to his commitment to excellence. In 2010, he laid the foundation for Omega City, which has since burgeoned into a leading real estate project in Tricity.

A man of few words, he ardently believed in letting actions speak louder. His enduring philosophy, rooted in honesty, has proven to be the cornerstone of Omega City's success. Today, Omega City stands not just as a testament to architectural prowess but as a testament to his unwavering dedication and profound belief in the value of integrity and meticulous craftsmanship.

As we continue to grow and thrive, we carry forward his spirit, forever indebted to the indomitable legacy of Late Amritpal Singh.

The real success of Omega City - NO CASE-NO DISPUTE since inception (2005)

Welcome to Omega City, a distinguished name in real estate that has swiftly risen to prominence. We hope you had a good time exploring our residential haven. Founded by the late Amritpal Singh, a Civil Engineer with a keen eye for detail, Omega City owes its success to his meticulous oversight. Situated along the NH-5, Chandigarh Ludhiana six-lane highway, Omega City is an expansive gated residential township with excellent connectivity to Punjab, Himachal Pradesh, Jammu, and Chandigarh.

Designed to maximize sunlight, cross ventilation, and breathtaking garden views, our apartments in this phase boast a luxury clubhouse and additional security features to elevate your lifestyle. We take pride in making you a part of Omega City, a project that stands out due to its strategic location and comprehensive facilities.

In case your experience didn't meet your expectations, we encourage you to share your feedback and suggestions with us at amrit2833@yahoo.com. Your input is invaluable, and we assure you of a prompt response.
